AND FOUNDATION

# Welcome to the Open Door Family

Making sure every child has a festive holiday season is an Open Door tradition. There is so much uncertainty in the world today, and your support helps keep this 36-year holiday event a community resource for so many families during the holiday season.

**Open Door Family Medical Center** has been a vibrant part of the community for over 50 years. Our mission to build healthier communities through accessible, equitable, culturally competent health care has remained consistent since we were founded as a free clinic in Ossining in 1972. Today, Open Door operates centers in Brewster, Mamaroneck, Mount Kisco, Ossining, Port Chester, and Sleepy Hollow, in addition to nine School-Based Health Centers in the Ossining, Port Chester and Webutuck School Districts, a dental van, and a dental practice in Saugerties, NY.

Open Door's health care and wellness programs serve over 60,000 individual patients who might not otherwise have access to quality health care in Westchester, Putnam, Dutchess and Ulster Counties. As a pioneer Federally Qualified Health Center, Open Door provides more than 300,000 patient visits annually and offers integrated services and a holistic approach to building healthier communities. Primary medical care, dental care, integrated behavioral health care, clinical nutrition, wellness programs, and chronic disease management are the foundation of our clinical programs.

Open Door consistently achieves clinical results that surpass national benchmarks for patient outcomes. Open Door is accredited by the Joint Commission and is recognized by the National Committee on Quality Assurance as a Patient-Centered Medical Home.

With your help, Open Door Family Medical Center will distribute over 3,500 gifts. **To get started, you can create a Toy Drive by using this Tool Kit.** When you partner with Open Door, know that you are impacting the lives of so many people.
